## **NEC - A New Decision Making Structure**

Under the proposed structure all submission can go direct to Cabinet except for appointments, and unless it is referred back to a ministerial committee. A consultation process with relevant stakeholders should take place before vetting by the CACC and then preparation by the NEC Secretariat for including on the NEC agenda. THE CACC WILL HAVE ONLY SEVEN DAYS TO CLEAR A SUBMISSION ELSE IT WILL HAVE DEEMED CLEARANCE.

# NEW NEC STRUCTURE TO OVERSEE IMPLEMENTATION & MONITORING

- 2.3 There would be five Ministerial Committees established which are primarily concerned with the IMPLEMENTATION AND MONITORING OF GOVERNMENT POLICY.
- 
- 2.4 Each Committee is responsible for one or more CRITICAL GOVERNMENT ACTIVITIES, and other portfolio programs.
- 
- 2.5 These committees through their respective Chairmen are represented on the Ministerial Planning and Coordination Committee (MPCC).
- 
- **2.6 The MPCC summarizes and reports on the CRITICAL GOVERNMENT ACTIVITIES through a DEVELOPMENT ACTIVITY MATRIX to the Prime Minister.**
- 
- 2.7 All appointments will have to be processed through the Ministerial Appointments Committee (MAP) as per the new legislation on public service appointments.
