

INA INNOVATION FOR DEVELOPMENT FAIR No 4

Wednesday 13 March 2019

Time: 9.00 AM-12.30 PM

Venue: INA Conference Room, 2nd Floor, IPA Haus, Konedobu

Following the previous 3 INA 'Innovation for Development' Fairs, the Institute is hosting a further series of presentations and discussion, facilitated by Martyn Namorong, on the morning of 13 March 2019. You are welcome to join us for further inspiring presentations from Papua New Guinean ICT innovators and development thinkers, especially linked with the PNG ICT Cluster, brought together by INA Council Member Priscilla Kevin and her impressive team.

The presenters will be: -

1. Mr **Elijah Yobwita** - Founder Water Network & Systems Management. Water Scientist discusses his research work on water table planning at District level Esa'ala model and how water can become a resource.
2. Ms **Rosemary Benjamin** - Founder Allegiance Health. E health space and weekly health program sessions.
3. Mr **Reeves Papaol** – to discuss Police SMS systems for Incident case Reporting. Simple mobile SMS integrated tool that help Police resources stay responsive to case reporting and citizens response on the go.
4. Mr **Tomson Tomoiye** - Soil Nutrient Management (SNM) Program developer and Founder of WMW Laboratory Port Moresby. BSC in Chemistry, Masters in Soil and Water Resource Mgt, Lincoln University. SNM Lab Program covers
 - Soil Nutrient management for Farmers
 - Food and Agriculture
 - Oil and Gas
 - Water and waste water (pollution related/drinking water)
 - Sediment
 - Lubricant Oil
 - Fish and animal tissue testing

5. Mr **Chris Apisai** - Geospatial Technologies. Utilising data collection for ENB province as a model for socioeconomic and agriculture surveys Inc. Town urban planning. Everything collected digitally and sent to a geospatial database for mapping and visualisation techniques.

All welcome
